The Council of State Governments

Dear State Leader:

Since 1933, The Council of State Governments (CSG) has brought state leaders together — across regions, branches and aisles — to learn from one another and strengthen the foundations of good governance through research, leadership development and nonpartisan collaboration. That commitment includes supporting state leaders with timely Medicaid insights and training to better serve the 80 million Americans who rely on this essential public health lifeline.

In recognition of your dedication to this work, CSG is pleased to invite you to attend the **2026 CSG Medicaid Foundations Academy**, Aug. 10-12, in Washington, D.C. The CSG Medicaid Foundations Academy provides a trusted forum for state leaders to connect with nationally recognized Medicaid experts, the health care community and peers from across the states.

This is an important moment for state leaders to come together, understand what lies ahead and plan for the implementation challenges to follow. The CSG Medicaid Foundations Academy provides both new and experienced leaders with information on priority issues, including:

- The implications of Medicaid cuts for key programs
- How states are enacting Medicaid work requirements by Jan. 1, 2027
- How states are investing rural health transformation funds

We invite you to join us for the important conversations that will take place this August in the nation's capital. Your experience and perspective will be instrumental to these conversations.

Thank you for your commitment to public service. We look forward to welcoming you to this landmark program.

Sincerely,

David Adkins
