**Power Expectations, LLC, Enchanted Rock, LLC and Reyes Contractor Group, Inc. - RFP No. 3PPO-0314-20-TPG2 – Temporary Power Generation**

The Legal Affairs Directorate has evaluated the Contract between the Puerto Rico Electric Power Authority (PREPA) and Power Expectations, LLC, Enchanted Rock, LLC and Reyes Contractor Group, Inc (collectively, the Contractor), for the deployment, installation, operation, and maintenance of temporary power generation units at the Aguirre Power Plant with an aggregate capacity of 400 MW (the Project).

The proposed Contract arises from the RFP issued by the Third-Party Procurement Office (3PPO) on July 15, 2025, pursuant to the Puerto Rico Energy Bureau (PREB) directive to address an anticipated generation shortfall of approximately 800 MW.

On October 24, 2025, PREPA's Governing Board approved Resolution No. 5213, authorizing execution of the Contract. On December 11, 2025, the PREB approved the Contract. On June 2, 2026, the Financial Oversight and Management Board for Puerto Rico approved the Contract.

The Contract is consistent with the Government of Puerto Rico's expense-control policies and requirements regarding the proper use of public funds, and the funds necessary to satisfy PREPA's obligations thereunder are available. In addition, execution of the Contract will not result in a budget overdraft for PREPA. During the procurement process and prior to the award of the Contract, the applicable internal policies and regulations were followed. To the best of our knowledge, no officer or employee of PREPA has a direct or indirect pecuniary interest in the profits or benefits arising from the Contract.

The execution of the Contract complies with the provisions of Public Law No. 114-187 of June 30, 2016, known as the Puerto Rico Oversight, Management, and Economic Stability Act (PROMESA), and with the regulations, policies, and approval processes established by the Financial Oversight and Management Board for Puerto Rico.

The Contractor has certified that it has read and is aware of the provisions of Act No. 1-2012, as amended, known as the "Puerto Rico Government Ethics Act of 2011," as well as the provisions of Act No. 2-2018, as amended, known as the "Anti-Corruption Code for a New Puerto Rico." Accordingly, the execution of the Contract does not constitute a violation of any of those provisions.

We have no objection to the execution of the Contract. This legal evaluation is limited to the Contract's compliance with applicable governmental requirements. We include the Contract, signed by the Contractor, for your signature.

We are available to provide additional information if it is needed.
